DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Sean Wooden on May 22, 2007.

The application has been amended as follows:

Claims 1, 3 and 4 have been cancelled.

Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:
 - a. Referring to claim 5, the prior art of record has not taught or suggested "wherein the bundler receives at least one sequence of instructions ("XOUPs"), determines how many XUOPs are received, and when more than one XUOP is received, determines whether the XUOPs must be issued in parallel" in combination with the claimed receiving, determining, sending, decomposing, formatting, dispatching and selecting steps in claim 5.
 - b. Referring to claim 7, the prior art of record has not taught or suggested that the bundler "determines whether the UOPs must be issued in parallel" in combination with the claimed decoding, formatting and dispatching steps in claim 7.

Art Unit: 2181

c. Referring to claims 6, 13 and 16, the claimed rules that are used to determine whether the XUOP's must be issued in parallel are not found in the prior art in combination with the remaining claim limitations. Furthermore, the claimed rules in combination with the remaining limitations in the claims would not have been obvious to one of ordinary skill in the art at the time the invention was made.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
